LASH LIFT / LVL

Lash lift treatments are for women who love the natural look. A lash lift will give your lashes curl, separation and definition. This will also nourish your lashes with vitamins and minerals.

This is an ultra-low maintenance treatment which can last up to six weeks. All our lash lift treatments include tint.

Your first lash lift treatment requires a 24 hour patch test before your appointment.

Keratin Lash Lift | 1hr 15min £69

This lash lift service includes Keratin which fills in damaged areas of the eyelash surface, creating a smooth, glossy and thick look. Keratin also creates a protective film that holds all the compounds and pigments inside the hair for a long period of time. After this treatment lashes appear darker and shinier.

Inlei Lash Filler | 1hr 15min £69

The **InLei® LASH FILLER®** is revolutionary technology which defines, nourishes, thickens and strengthens your lashes. It also enhances their colour and shine. Made in Italy, this high-quality treatment is the only product in the world clinically tested in its effectiveness of thickening of the hair. This increases on average by 24% in just three sessions!

We offer a personalised set of lashes using our signature service and tailored approach.

We listen carefully to your personal preferences, review your facial features and lash structure to develop a solution that genuinely works for you.

Then we use advanced techniques and luxurious products to create lashes which will enhance and accentuate your natural features.

Your first lash extension service requires a patch test 24 hours before your appointment. A consultation is required to decide on your desired lash look.

Classic Lashes | 1hr 50min

£95 Expert £92 Master £89 Senior

Classic lashes look very natural. They are lightweight – perfect for people with a dense and healthy lash line for everyday wear. Classic eyelashes give the appearance of a simple mascara look, only much better. The overall result will depend on the number of natural eyelashes you have.

Hybrid Lashes | 2hrs

£99 Expert £95 Master £95 Senior

If you are wanting a natural look but with fuller extensions, a hybrid set is for you. It is a mix of classic and 2D eyelash extensions which increases the number of eyelashes you have naturally and fills any gaps. This is a popular service with our clients as it looks very natural but gives a fuller result.

RUSSIAN VOLUME

Our Russian Volume technique makes a statement. It allows you to achieve a fuller, denser, darker and fluffier lash-line. Application can take from from 1.5 to 3 hours. The denser and darker lash line you want to achieve, the more time you will need.

Half Set | 1hr 30min *from* £99 All Levels

This treatment is designed for those who are short of time, have a low number of natural lashes or do not like a full lash line. During this treatment we evenly cover the lashes on both eyes with the coverage being less than the regular full set. In the time given, the artist will apply as many lashes as possible.

Natural Set | 2hrs

£129 Expert £119 Master £109 Senior

For a Natural Set, we attach 2 - 3 synthetic lashes to every one natural lash. This is the most natural Russian Volume service available. If you're looking for very light and fluffy eyelashes for everyday wear, this set is perfect for you as it will double up your natural volume. The Natural Set is a great choice if you have a full and smooth lash line.

Glamorous Set | 2hrs 30min

£141 Expert £136 Master £129 Senior

To create a Glamorous Set, we attach 3 - 5 very fine artificial eyelash extensions to each natural lash. This is the most popular service at our studio - your lashes will be transformed to look glamorous, dark and full! Compared to a Natural Set, the effect is darker and denser in volume. The Glamourous Set is a great option for any special occasion as well as everyday wear.

Dramatic Set | 3hrs

£159 Expert £149 Master £139 Senior

To create a Dramatic Set we attach 4 - 9 very fine artificial eyelash extensions to each natural lash. This will give you a very dense, fluffy, extremely dark and full lash line that won't feel heavy on your natural lashes. The final look depends on your natural eyelashes. The more you have, the fuller your lashes will look! This set gives 100% coverage, which means the lashes will last a very long time.

Wedding Lashes | 3hrs 20min £165 All Levels

We will help you look stunning on your Wedding Day! Take away the stress of your wedding preparations by enjoying your treatment with a little gift from us. We will let you relax before your big day while we create this luxurious lash set for you.

Outer Corner Lashes

1hr £65

LASH INFILLS

We have two types of infills, which are depending on the original set and the time from the last visit.

Natural Volume Infill

	Expert	Master	Senior
2 Weeks	£52	£49	£47
3 Weeks	£69	£65	£63
4 Weeks	£95	£89	£89

NATURAL VOLUME INFILLS can be booked after *Classic, Hybrid* or a *Natural Volume* Sets. If you are booking a 2 weeks infill, make sure that it is **not longer than 2 weeks and 2 days from your last appointment with us.** Anything over that time must be booked as a 3 weeks infill.

Russian Volume Infill

	Expert	Master	Senior
2 Weeks	£58	£54	£52
3 Weeks	£78	£73	£69
4 Weeks	£98	£95	£92

RUSSIAN VOLUME INFILLS can be booked after *Glamorous, Dramatic* or *Wedding Lash* sets. If you are booking 3 weeks infill, make sure that it is **not longer than 3 weeks and 2 days from your last appointment with us.** Anything over that time must be booked as a 4 weeks infill.

IMPORTANT INFORMATION

If you are booking your appointment after 4 weeks, make sure that you book a full set, otherwise your lashes will not be covered fully, which will result in a worse retention.

On a regular basis we recommend 3 weeks infills.

Please ensure you book right appointment before you arrive for infills. You must have at least 50% of your lashes remaining.

Please be aware that we do not infill the half set or the works of another lash artist. You would need to book a removal prior to having a full set applied with us

BROW TREATMENTS

Brow architecture is the art of creating your perfect brow shape. At Juli Lash Studio we believe your brows are one of your most important facial features. Great brows can transform your face and make you look younger.

Get the brows you have always wanted using our exclusive services. We use advanced techniques and products to create brows which will accentuate your natural features.

Our tinting service requires a patch test 24 hours before your appointment and a consultation is required to define a desired result and colour.

Luxury Brows | 45min £45

This treatment is an amazing combination of brow architecture, waxing, tweezing and tint. If you are looking to change your eyebrow shape or regrow your brow line this is for you. Repeating this treatment monthly will achieve great results. The tint we use for this service stains the skin underneath the brow hair. It lasts on the skin for up to 10 days and on brow hair for up to 4 weeks! We work with a variety of tinting systems to achieve different colours and shades.

Henna Brows | 1hr £55

Our henna brow treatment includes architecture, waxing, tweezing and henna tinting. Henna is a vegan-friendly natural dye made from the henna tree. The process is similar to tinting but it stains the skin to create a deeper and fuller look. Henna stays on the skin behind the brow for up to 2 weeks and on the hair for 6 - 7 weeks. Henna is a safe and natural alternative to tint and dye. Free from peroxide activators, henna is also a suitable option for anyone with sensitive skin and it works perfectly on red and ginger hair.

Brow Lamination | 1hr £65

Brow lamination is one of the trendiest and luxurious treatments in the brow industry today. It is perfect for those who want to tame unruly brows. Lamination adds symmetry, uniform shape and creates a look of fullness. The treatment nourishes and realigns hair into your desired shape. It also includes brow architecture, wax, lamination and tint and as an extra pamper we have added a nourishing brow mask. After this treatment your brow hair will become flexible allowing you to brush your brows into shape every morning. You will never get bored as you can style them in different ways! The result will last 4 - 6 weeks.

Use Brow Sculpt or Brow Gel (ask at the checkout) to style your brows.

NAILS

Russian Manicure
with IBX Strengthening

1hr 10min *from* **£49**

IBX is a new and revolutionary two-part system that acts as a protective shield for the natural nail under any gel polish coating. IBX can also be used as a natural strengthening system to grow your nails more readily on their own!

The system's penetrative toughening components work inside the nail to fuse the upper layers together. The result is amazing. You will have tougher natural nails that will grow on their own. They will also be protected against frequent and potentially damaging gel polish removal.

We recommend booking this treatment in blocks of 10. It is perfect for you if you have very weak or bite your nails. It will help rebuild the natural strength of your nail plate.

Russian Manicure
with Japanese finish

65min *from* **£55**

The Japanese Manicure, an ancient Japanese technique, is about buffing nutrients deep into your nail bed to make your nails super healthy so that they shine on their own without the need for a drop of polish.

The peculiarity of this treatment is that all the products used for it are made from natural materials: no synthetic chemicals of any kind are used.

To achieve outstanding results, we carefully prepare the nail bed and cuticle using Russian Manicure technique.
